## RNS® System Educational Publications

### Long-term treatment with responsive brain stimulation in adults with refractory partial seizures
[http://www.ncbi.nlm.nih.gov/pmc/articles/PMC4339127](http://www.ncbi.nlm.nih.gov/pmc/articles/PMC4339127)

### Two-year seizure reduction in adults with medically intractable partial onset epilepsy treated with responsive neurostimulation: Final results of the RNS System Pivotal trial
[http://www.ncbi.nlm.nih.gov/pmc/articles/PMC4233950/](http://www.ncbi.nlm.nih.gov/pmc/articles/PMC4233950/)

### Responsive cortical stimulation for the treatment of medically intractable partial epilepsy

### Quality of Life and Mood in Patients with Medically Intractable Epilepsy Treated with Targeted Responsive Neurostimulation

### Laterализation of mesial temporal lobe epilepsy with chronic ambulatory electrocorticography

### Interrater reliability in interpretation of electrocorticographic seizure detections of the responsive neurostimulator

### Differential Neuropsychological Outcomes Following Responsive Targeted Neurostimulation for Partial Onset Epilepsy

### Day-Night Patterns of Epileptiform Activity in 65 Patients With Long-Term Ambulatory Electrocorticography

### The RNS System: responsive cortical stimulation for the treatment of refractory partial epilepsy

---

**Rx Only.** See important prescribing and safety information in the RNS® System labeling. This is intended as supplementary information and should be used in conjunction with the labeling. Refer to the labeling for a description of the RNS® System and its components, indications for use, contraindications, warnings, cautions, adverse events and instructions for use. The manuals are available at [www.NeuroPace.com](http://www.NeuroPace.com).
